### SUMMARY

Full Stack Developer with 1.5+ years of experience building scalable web applications using the MERN stack and modern JavaScript frameworks. Completed 30+ projects. Seeking a full-time Full Stack Developer role to build impactful solutions.

### PROFESSIONAL EXPERIENCE

#### Webiators Technologies PVT. LTD.

June 2024 - March 2025

##### FULL STACK DEVELOPER

- Developed 15+ MERN-stack and Next.js applications, implementing server-side rendering and SEO optimizations to boost organic traffic by 30% and maintain responsive, mobile-first designs.
- Enhanced front-end performance by 40% through efficient RESTful API integration, code-splitting, and optimized state management, resulting in faster load times and improved Core Web Vitals scores.
- Architected secure, scalable back-end systems with Node.js and MongoDB—designing data schemas that reduced average query time by 25%—and maintained Git version control to ensure high code quality and streamlined team collaboration.

#### Achintya Solutions

Nov 2023 - Apr 2024

##### MERN STACK DEVELOPER (Intern)

- Built and optimized company website and 5+ client projects using HTML5, CSS3, JavaScript, React.js, and Node.js, reducing load times by 30% and ensuring responsiveness.
- Performed team lead tasks managing Git and Jira, improving on-time delivery by 25%.
- Awarded Intern of the Month for code quality and problem solving; integrated RESTful APIs and UI/UX best practices.

### SKILLS

- |                |              |                |             |                     |
|----------------|--------------|----------------|-------------|---------------------|
| • HTML         | • Next.js    | • Git & GitHub | • Wordpress | • Leadership        |
| • CSS          | • React.js   | • Websocket    | • Jira      | • Problem Solving   |
